Admission to the Prince of Wales's Royal Indian Military College, Dehra Dun.

Dated, Government House, Madras, the 2nd March 1940.

No. 5.

(1) In connexion with the admission of candidates to the Prince of Wales's Royal Indian Military College, Dehra Dun, the following information is published for the use of intending candidates:—

The College provides a public school education on English lines for Indian and Anglo-Indian youths who desire subsequently to enter a cadet college with a view to obtaining commissions in the Indian Land Forces, the Indian Air Force or the Royal Indian Navy, and making one of those services their profession in life. The course of study at the College will, however, be such that, should a boy fail in the competitive examination for admission to a cadet college or for entry in the Royal Indian Navy, he will be in as favourable a position for entry to a university as if he had been educated at an ordinary school.

(2) Candidates will be selected from unmarried Indian and Anglo-Indian boys of—

(a) Provinces of British India.

(b) Indian States.

(3) Candidates must have attained the age of eleven years and be under twelve years on the 1st August 1940.

(4) Candidates should attach to their applications a medical certificate from the Officer Commanding a British or Indian Station Hospital or a Civil Surgeon to the effect that they are physically fit in all respects in accordance with Appendix A to this notification.

(5) The fees of students are Rs. 1,600 for each school year. This is a privileged rate and is liable to enhancement hereafter, if circumstances require. Any enhancement of fees that may hereafter be decided upon will, however, be applied to new entrants only. These fees will include tuition, messing, school servants and medical attendance of the ordinary kind and, as initial provision, one suit of the uniform to be worn by students when at the college. Charges on account of washing of cadets' clothing and mending their clothing, boots and shoes, as well as the cost of books and stationery (which will be supplied by the college) over and above the Government grant for this purpose will be met by the parents or guardians of the cadets.

In addition to the fees referred to above, the parent or guardian of a cadet will be required to deposit with the college authorities, on his entering the college, the sum of Rs. 50 which will be returned when the cadet finally leaves the college provided that all dues have been paid.

Should it be necessary for cadets to be admitted into a hospital (other than the college hospital), or to provide additional nursing sisters for the treatment of cadets in the college hospital, all charges incurred will be borne by the parents or guardians of the cadets.

A full term's notice is required to be given of intention to withdraw a cadet from the college. In the event of such notice not being given, the parent or guardian will be required to pay one full term's fees in lieu, unless it is considered that the circumstances in which the cadet was withdrawn are such as to call for special consideration (on this point final decision will rest with the Government of India). In cases where notice of withdrawal is given in the first half of the term preceding the term from which the cadet is to be withdrawn, the recovery of a full term's fees in lieu may be waived at the discretion of the Government of India.

(6) Remission of fees will be granted in August each year to the sons of Indian Officers or men who have served in the regular army, where the services and financial circumstances of the father warrant it. Such remissions are limited to Rs. 800 per annum to any one cadet and are granted for a year at a time, after which they are reviewed.

(7) Parents or guardians of candidates for admission to the college, at the time of the submission of the applications, will furnish signed declarations (in duplicate) in the following form:—

"I, _____, father / guardian of _____, a candidate for admission to the Prince of Wales's Royal Indian Military College, Dehra Dun, declare that it is my desire that my son / ward should make the Indian Army, Air Force or Royal Indian Navy his profession in life.

I further declare that I have made myself acquainted with the fees payable at the Prince of Wales's Royal Indian Military College, and subsequently, at the Indian Military Academy, Dehra Dun (viz., Rs. 3,850 for a course of 2½ years); and at the Royal Air Force College, Cranwell (viz., £280–8 for a course of 2 years); and expenditure to be incurred in connexion with the training of cadets for appointment as commissioned officers of the Royal Indian Navy (viz., £230 in the case of the Executive Branch and £475 for the Engineer Branch); and that I am able and willing to pay the prescribed fees and meet the expenditure in the case of the Royal Indian Navy, as also the incidental expenses.

I declare also that—

(c) if my son/ward withdraws from the Prince of Wales's Royal Indian Military College before appearing at an examination for admission to the Indian Military Academy, the Royal Air Force College, Cranwell, or the Royal Indian Navy,

or

(d) if, having been declared successful at one of the examinations mentioned at (a) above, does not proceed to one of the institutions with the intention of adopting the Indian Army, Indian Air Force or Royal Indian Navy as his profession, *for reasons within his control or mine* (on which points final decision will rest with the Government of India), I shall be required to pay the full cost (Rs 2,700 per annum) which Government may have incurred on his education at the Prince of Wales's Royal Indian Military College.

I declare also that my son/ward is unmarried and that he will remain a bachelor whilst at the college and until he has completed, subsequently, a course at the Indian Military Academy, Royal Air Force College, Cranwell, or for admission to the Royal Indian Navy.

Failure to attend the Superintending Engineer's office on the date fixed in the written intimation from such office or to enter into the required agreement or to make the security deposit as defined in this paragraph shall entail forfeiture of the earnest money. The written agreement to be entered into between the contractor and the Government shall be the foundation of the rights of both the parties and the contract shall not be deemed to be complete until the agreement has first been signed by the contractor and then by the proper Officer authorised to enter into contracts on behalf of Government.

5. The tenderer shall examine closely, the Madras Detailed Standard Specifications, and also the Standard Preliminary Specification contained therein, and sign the Divisional office copy of the Madras Detailed Standard Specifications and its addenda volume in token of such study before submitting his tender unit rates which shall be for finished work in situ. He shall also carefully study the drawings and additional specifications and all the documents which form part of the agreement to be entered into by the accepted tenderer. The Madras Detailed Standard Specifications and other documents connected with the contract such as specifications, plans, descriptive specification sheet regarding materials, etc., can be seen at any time between 11 a.m. and 5 p.m. on office days, in the offices of the Superintending Engineer, Trichinopoly Circle. A copy of the set of contract documents can also be had on payment of Rs. 15 for each set.

6. The tenderer's attention is directed to the requirements for materials under the clause "Materials and workmanship" in the "Preliminary Specification." Materials conforming to the British Standard Specifications shall be used on the work, and the tenderer shall quote his rates accordingly.

7. Every tenderer is expected, before quoting his rates, to inspect the site of the proposed work. He should also inspect the quarries, and satisfy himself about the quality and availability of materials. The names of quarries, kilns, etc., wherefrom certain materials are to be obtained will be given in the Descriptive Specification Sheet. The best class of materials to be obtained from the quarries or other source defined shall be used on the work. In every case the materials must comply with the relevant standard specification. Samples of materials as called for in the standard specifications, or in this tender notice, or as required by the Executive Engineer in any case, shall be submitted for the Executive Engineer's approval before the supply to site of work is begun. If the contractor, after examination of the source of materials defined in the Descriptive Specification Sheet, is of opinion that materials complying with the standard or other specifications of the contract cannot be obtained in quality or sufficient quantity from the source defined in the Descriptive Specification Sheet, he shall so state clearly in his tender and state wherefrom he intends to obtain materials, subject to the approval of the Superintending Engineer.

The Government will not, however, after acceptance of a contract rate pay any extra charges for lead or for any other reason, in case the contractor is found later on to have misjudged the materials available. Attention of the contractor is directed to the standard "Preliminary Specification" regarding payment of seigniorage, tolls, etc.

8. The tenderer's particular attention is drawn to the sections and clauses in the standard "Preliminary Specification" dealing with—

(1) Test, inspection and rejection of defective materials and work.
(2) Carriage.
(3) Construction plant.
(4) Water and lighting.
(5) Cleaning up during progress and for delivery.
(6) Accidents.
(7) Delays.
(8) Particulars of payment.

The contractor should closely peruse all the specification clauses which govern the rates which he is tendering.

9. A schedule of quantities accompanies this tender notice. It shall be definitely understood that the Government does not accept any responsibility for the correctness or completeness of this schedule, and that this schedule is liable to alterations by omissions, deductions, or additions at the discretion of the Executive Engineer, Trichinopoly Division, or as set forth in the conditions of contract. The tenderer will, however, base his lump-sum tender on this schedule of quantities. He should quote specific rates for each item in the schedule, and the rates should be in rupees, annas, and in sums of three pies. The rates should be written both in words and figures and the units in words. The tenderer should also show the totals of each item and the grand total of the whole contract, and quote in the tender a lump sum for which he will undertake to do the whole work subject to the conditions of contract, such lump sum agreeing with the total amount of Schedule A. This schedule accompanying the lump-sum tender shall be written legibly and free from erasures, overwritings or conversions of figures. Corrections, where unavoidable, should be made by crossing out, initialling, dating and rewriting.

10. Tenders offering a percentage deduction from or increase on the estimate amount and those not submitted in proper form or in due time will be rejected. Rates or lump-sum amounts for items not called for shall not be included in the tender. No alteration which is made by the tenderer in the contract form, the conditions of contract, the drawings, specifications, or quantities accompanying same will be recognised; and, if any such alterations are made, the tender will be void.

11. The tenderer should work out his own rates, without reference being made to the Public Works Department current schedule of rates or to the Public Works Department estimate rates which are not open for inspection by tenderers.

12. The price at which and the source from which certain particular materials shall be obtained by the contractor are given at the end of the schedule accompanying the tender form. Tenderers must accept the material at these prices, and shall quote their price for finished work accordingly. Notwithstanding any subsequent change in the market value for these materials, the charge to the contractor will remain as originally entered in the written contract. No cartage or incidental charges will be borne by Government in connexion with this supply.

13. The attention of the tenderers is directed to the contract requirements as to the time of beginning work, the rate of progress, and the dates for the completion of the whole work and its several parts. The following rate of progress and proportionate value of work done from time to time, as will be indicated by the Executive Engineer's certificates of the value of work done, will be required. Date of commencement of this programme will be the date on which the site (or premises) is handed over to the contractor.

Period after date of commencement.	Percentage of work completed (based on contract lump-sum amount.)
Three months ..	25
Six months ..	50
Twelve months ..	100

NOTE.—These are working months and excluding October and November.

14 No part of the contract shall be sublet without written permission of the Executive Engineer nor shall transfer be made by power-of-attorney authorising others to receive payment on the contractor's behalf.

15 If further necessary information is required, the Executive Engineer of the division will furnish such, but it must be clearly understood that tenders must be received in order, and according to instructions.

16. The Superintending Engineer or other sanctioning authority reserves the right to reject any tender or all the tenders without assigning any reason therefor.

17. Preference in the selection from among the tenderers will be given, other things being equal, to those who are themselves professionally qualified or who undertake to employ qualified men at their cost to look after the work. The tenderers should therefore state in clear terms whether they are professionally qualified or whether they undertake to employ technical staff and if so to give their professional qualifications or of the staff to be employed. In case the selected tenderer is one who has undertaken to employ technical staff under him, he should see that one of the staff is always at site of the work during working hours, personally checking all items of work and paying extra attention to such works as may demand special attention, e.g., reinforced concrete work, etc.

Read, with reference to Resolution No. 301, dated the 5th January 1940, note by the Port Engineer submitting plans and estimates amounting to Rs. 1,50,000 for the provision of equipment for the removal of sand, on an experimental measure, from outside the eastern arm of the harbour and for the disposal of it out at sea.

Resolved that the plans and estimates be approved and be submitted to Government for sanction under section 73 of the Madras Port Trust Act.

Resolved also that sanction of Government as required under section 75 of the Act be obtained to the debit of the expenditure to capital-funds being provided to capital by a contribution from Revenue.

Resolved that, in view of the fact that the training on the Indian Mercantile Marine Training Ship "Dufferin" is a national training service whose object is to form an Indian Mercantile Marine, the Board considers that it should not take a narrowly provincial view in making its awards and that candidates from the Madras Presidency should be given preference in selection for the Board's Scholarship only if they possess the qualification laid down by the Board and that, in default of such candidate from the Madras Presidency, the scholarship should be given to a qualified candidate from any other part of India including Indian States.

Resolved also that this should not affect the slight preference given under the rules to sons or dependents of Madras Port Trust employees.

Resolved further that sanction of Government be obtained to Rule 1 of the Rules relating to the grant of the scholarship being amended as approved at the meeting.

445. Resolved that the revised (completion) estimate amounting to Rs. 1,957 submitted by the Port Engineer for the purchase of a modern Oxy-Acetylene welding plant be approved in supersession of the estimate amounting to Rs. 3,000 sanctioned in Resolution No. 39, dated the 28th April 1939, and that the expenditure be debited to Revenue S. Engineering and Maintenance, viz. New Minor Works instead of to Capital as originally decided in the above quoted Resolution.

Resolved further that Government be asked to cancel the sanction accorded in their letter No. 13-P (54)/39, dated the 24th July 1939, to the debit to Capital of a sum of Rs. 2,000 in this connexion.

Resolved to accept the tender given by the Andhra Engineering Co., Ltd., Managing Agents for the Andhra Cement Co., Ltd., Vizagapatam, in their letter, dated the 3rd February 1940, for the supply of about 200 tons of "Durga" Brand Portland Cement during the year 1940-41—the value of the contract amounting approximately to Rupees 6,400.

447. Resolved, with reference to the Port Engineer's note recommending for acceptance certain tenders for the supply of materials and sundry stores required by the Trust during a period of one year from 1st April 1940, that such of the recommended tenders as require the acceptance of this Board be accepted.

448. 449. Resolved that, for purposes of the Board's Passage Regulations relating to officers of non-Asiatic Domicile in the service of the Board including the Harbour Master and the Assistant Harbour Masters, printed in the Madras Government Orders Nos. 14 and 15, Finance (Marine), dated 7th January 1936 the cost of a "return passage" shall, during the period of the suspension of the issue of return tickets by the Peninsular and Oriental Steam Navigation Company owing to the existing conditions, be considered to be the cost of two single passages from Bombay to London by the Peninsular and Oriental Steam Navigation Company 1st saloon "B" class or 2nd saloon "B" class, as the case may be.

Resolved further that sanction of Government, as required under Sections 30 and 92 of the Madras Port Trust Act, be obtained to the adoption of the above procedure in the case of the officers mentioned in Section 30 and in the case of the Harbour Master and the Assistant Harbour Masters at the Port.

450. Read and approved the Chairman's draft of a letter to the Central Government submitting for sanction re-appropriation statements of expenditure during the year 1939-40 under the Board's Revenue, Capital, Renewals and Replacement Fund, Accident Fund and Revenue Reserve Fund Accounts.

6. In section 64 of the said Act the following sub-section shall be added, namely:—

"(*3*) The provisions of sub-section (*1*) and sub-section (*2*) shall not apply and shall be deemed never at any time to have applied to any assessee—

(*a*) on whom an assessment or re-assessment for the purposes of this Act has been, is being or is to be made in the course of any case in respect of which a Commissioner of Income-tax appointed without reference to area under sub-section (*2*) of section 5 is exercising the functions of a Commissioner of Income-tax, or

(*b*) where by any distribution or allocation of work made by the Commissioner of Income-tax under sub-section (*3*) of section 5 a particular Income-tax Officer has been charged with the function of assessing that assessee, or

(*c*) who or whose income is included in a class of persons or a class of incomes specified in any notification issued under sub-section (*3*) of section 5,

but the assessment of such person, whether the proceedings for such assessment began before or after the 1st day of April 1939, shall be made by the Income-tax Officer for the time being charged with the function of making such assessment by the Central Board of Revenue or by the Commissioner of Income-tax to whom he is subordinate, as the case may be."

7. After section 67A of the said Act the following section shall be inserted, namely:— Insertion of new section 67B in Act XI of 1922.

If on the 1st day of April in any year provision has not yet been made by an Act of the Indian Legislature for the charging of income-tax for that year, this Act shall nevertheless have effect until such provision is so made as if the provision in force in the preceding year or the provision proposed in the Bill then before the Legislature, whichever is more favourable to the assessee, were actually in force." Act to have effect pending legislative provision for charge of income-tax.

8. In the Schedule to the said Act, in paragraph (b) of the second rule, after the word "surplus", where it first occurs, the words "arrived at by adjusting the surplus or deficit" shall be inserted, and the words "after adjusting such surplus" shall be omitted, Amendment of Schedule, Act XI of 1922.

9. No assessment made in accordance with sub-section (2) of section 64 of the said Act before the 30th day of December 1939, and no proceedings taken in the course of, or for the purpose of, so making any assessment before that date shall be or continue to be invalid by reason of anything contained in sub-sections (1) and (2) of section 64 of the said Act. Validity of certain assessments and proceedings made under Act XI of 1922.

10. The Income-tax (Removal of Difficulties and Validating) Ordinance, 1939, is hereby repealed. Repeal of Ordinance IX of 1939."

STATEMENT OF OBJECTS AND REASONS.

The main object of this Bill is to legislate permanently for the matter dealt with by the Income-tax (Removal of Difficulties and Validating) Ordinance, 1939. The issue of this Ordinance was necessitated by a recent decision of the Bombay High Court regarding the jurisdiction of certain Income-tax Officers.

The second object is to provide for the provisional collection of income-tax and super-tax in case the Finance Bill has not been passed by the Legislature by the 1st April of any year.

The Bill also provides for the calculation of depreciation in respect of ocean-going ships on the basis of the cost of the assets instead of on the written down value of the assets.

In addition to the above points, a few minor defects in the Indian Income-tax Act, 1922, as amended by the Indian Income-tax (Amendment) Act of 1939, are also dealt with.

NOTES ON CLAUSES.

Clause 2.—Sub-clause (iii) of clause (b) of section 11 of the Indian Income-tax (Amendment) Act, 1939, has not yet come into force. The amendment which it is desired to make in section 10 of the Indian Income-tax Act, 1922, is accordingly being effected by an amendment of the Indian Income-tax (Amendment) Act, 1939, and will not take effect until, as provided in section 2 (2) of that Act, this portion of section 11 of the Act takes effect. The amendment is intended to secure that in the case of shipping companies alone, when the change over from the cost basis of depreciation to the written down value basis takes place, the cost basis shall be retained.

Clause 3.—This corrects an obvious mistake in section 35 where no provision is made for the correction of a mistake in a refund order.

Clause 4.—Sub-clause (*a*) corrects the omission to provide for the disclosure of confidential information to the professional bodies on whom the duty of taking disciplinary action under sub-section (*3*) of section 61 of the Act may fall. Sub-clause (*b*) corrects a printing error.

Clause 5.—This corrects an oversight in section 68S. It is improper that refunded contributions should be charged with super-tax as they were not exempted from super-tax in the first instance.

Clauses 6 and 9—reproduce the provisions of the Income-tax (Removal of Difficulties and Validating) Ordinance, 1930, which is limited in duration to six months.

Clause 7—makes the necessary provision for the provisional collection of income-tax and super-tax where the Finance Bill has not been passed by the Legislature by the 1st day of April.

Clause 8.—There is a defect in paragraph (*b*) of the second rule of the Schedule. The rule as it stands takes no account of the fact that the starting point of a computation may be a deficit.

The following Bill* was introduced in the Legislative Assembly on the 23rd February 1940 —

L.A. BILL No. 15 OF 1940

A Bill further to amend the Reserve Bank of India Act, 1934.

WHEREAS it is expedient further to amend the Reserve Bank of India Act, 1934, for the purpose hereinafter appearing, it is hereby enacted as follows.— 1934.

1. This Act may be called the Reserve Bank of India (Second Amendment) Act, 1940. Short title.

2. In section 4 of the Reserve Bank of India Act, 1934, as adapted and modified in accordance with the Third Schedule to the India and Burma (Burma Monetary Arrangements) Order, 1937 (hereinafter referred to as the said Act), after sub-section (4) the following sub-section shall be inserted, namely :— Amendment of section 4, Act II of 1934.

"(4A) Without prejudice to the validity of any registration made before the commencement of the Reserve Bank of India (Second Amendment) Act, 1940, no person shall, after the commencement of that Act, be registered as a shareholder in respect of any shares held by him whether in his own name or jointly with another person or persons in excess of a total nominal value of twenty thousand rupees, or be entitled to payment of any dividend on such shares or to exercise any of the rights of a shareholder in respect of such shares otherwise than for the purpose of selling the shares."

3. In sub-section (2) of section 56 of the said Act, after the words "registered in his name" the following words shall be inserted, namely :— Amendment of section 56, Act II of 1934.

"or that any shareholder, to whom the provisions of sub-section (4A) of section 4 apply, is the holder of shares in excess of a total nominal value of twenty thousand rupees."

STATEMENT OF OBJECTS AND REASONS

The intention of the Legislature at the time of the passing of the Reserve Bank of India Act was that the shares of the Reserve Bank should be distributed as widely as possible so as to constitute an electorate for the Central Board of the Bank on a broad basis. The number of shareholders has however since the inception of the Bank declined by nearly 38 per cent and at the same time a large proportion of the voting strength has become sterilized. The Reserve Bank have therefore reported the position to Government with the recommendation that the number of shares held by an individual should be restricted to a maximum of 200 shares and that no transfer should be registered in the name of any individual in excess of that amount. Government have accepted the necessity for legislation and propose by this Bill to amend the Reserve Bank of India Act to give effect to the Bank's recommendation.

The following Report of the Select Committee on the Bill to amend the Parsi Marriage and Divorce Act, 1936, was presented to the Council of State on the 20th February 1940.—

Papers Nos. I and II.

We, the undersigned, members of the Select Committee to which the Bill to amend the Parsi Marriage and Divorce Act, 1936, was referred, have considered the Bill and the papers noted in the margin, and have now the honour to submit this our Report, with the Bill as amended by us annexed thereto

2. The only material change we have made is in sub-clause (c) of clause 2 of the Bill. We consider it essential that the decision to discontinue the allowance or alimony in the event of the wife re-marrying or ceasing to remain chaste should rest with the Court and have therefore redrafted sub-clause (c) of clause 2. We have also left it to the Court to decide whether an order for alimony or maintenance should, in the aforesaid circumstances, be rescinded or varied.
